

**MARCH  
26-28,  
2025**

# **WELDING**

**THE 22<sup>ND</sup> INTERNATIONAL EXHIBITION  
FOR WELDING, CUTTING  
AND RELATED TECHNOLOGIES**

**EXPOFORUM | ST. PETERSBURG**

# WELDING 2025 International Exhibition

## ABOUT THE PROJECT:

The 22<sup>nd</sup> Welding International Exhibition for Welding, Cutting and Related Technologies is an efficient platform for demonstrating the accumulated experience and for a constructive public dialogue of the government, business and academic community on the development of the welding industry.

The Exhibition has been taking place since 1969.

## MAIN TRACKS:

- Equipment, materials and technologies for welding, cutting, surfacing;
- Regulatory documentation, personnel and production certification;
- Global trends of digitalization and modernization of welding production facilities;
- Automation and robotization: Implementing tools 4.0;
- Import substitution: Russian welding technologies;
- Weld quality testing;
- Occupational safety and health issues for welding personnel.

## WELDING EXHIBITION IS:

- A place for your new products;
- An opportunity to discuss the questions of standardization and conformity assessment;
- An opportunity to form the market of your future consumer.
